

## PRD — JamLyrics / Jamming Lyrics App

### 1. Product Overview

Vision:

Provide a mobile-friendly digital lyric reader for jamming events where participants scan a QR code, select songs from the available list, and follow lyrics using a slow scrolling experience.

### 2. User Flow

Event Venue

Scan QR Code

Open Mobile Web App

Select Song

Open Lyrics

Enable Slow Scroll

Sing Along

### 3. User Roles

Viewer / Participant:

- Scan QR code
- Browse available songs
- Search songs
- Open lyrics
- Adjust scrolling speed
- Bookmark songs

Event Admin:

- Create event
- Add songs
- Upload lyrics
- Generate QR code
- Manage song list

### 4. Core Features

Event QR Access:

Each event gets a unique QR code that opens the song and lyrics portal.
